Rotax 4 tec 1503 engine history 2002 - 2016. Greetings everyone, I'm a new member looking to buy a SeaDoo PWC with a 1503 engine, but even after hours of research I'm still missing some important information. Based on what I've been able to put together, the engine block for the 1503 has been manufactured without modification from 2002 to 2016 and has been used to make, stock from the factory, 130hp, 155hp, 215hp, 260hp, 300hp, and other 5 to 10 hp variations of these ratings depending on ...

The Rotax 1503 engine is an engineering masterpiece, the only 4 stroke engine specifically designed for watercraft use, the only watercraft engine with a closed loop cooling system. It is now available in several variations from the new 135hp found in the 2006 GTI range right up to the wopping 215hp supercharged intercooled monster found in the Seadoo RXP/RXT/GTX LTD and is also available in various Sea doo jet boats.

I have just joined the team today I have bought a seadoo challenger 1996 with a modified engine, turbine, steering from rotax 1503 2004 (the 150 HP). For the past 2 weeks I have read forums and searched for tech stuff on these boats. I have visited a few 2 stroke engines but this one the 4 stroke I understand it is way better.
