Queen Boudica: The Revolt of Boudica 60-61 AD
Boudica
Boudica led a very large army of Iceni, Trinovantes, and others against a detachment of Legio IX Hispana, defeating them, and burning Londinium and Verulamium. An estimated 70,000/80,000 Romans and British were then killed in the three cities by those following Boudica, many by torture.

Boudica—Wikipedia
Boudica, also spelled Boadicea or Boudica, (died 60 or 61 ce), ancient British queen who in 60 ce led a revolt against Roman rule.

Boudicca | History - Facts & Death | Britannica
Boudica (also written as Boadicea) was a Celtic queen who led a revolt against Roman rule in ancient Britain in A.D. 60 or 61.

Who Was Boudica? — HISTORY

BBC — History — Boudicca
At the time of the Roman conquest of southern Britain Queen Boudica ruled the Iceni tribe of East Anglia alongside her husband King Prasutagus. Boudica was a striking looking woman. ⚔️She was very tall, the glance of her eye most fierce; her voice harsh. A great mass of the reddest hair fell down to her hips.

Queen Boudica (Boadicea) of the Iceni — Historic UK
Boudica (born about 25 AD, died 60/61 AD) was the queen of the Celtic Iceni people in Norfolk in the eastern part of Roman Britain. A statue of Boudica was put up in the Westminster area of London in 1902. Her husband Prasutagus ruled an independent client state of Rome.

Boudicca was married to Prasutagus, the King of the Iceni in Eastern England. Back then, parts of Britain were ruled by the Roman Empire. Prasutagus trusted the Romans and promised to leave half...

Who was Boudicca? — BBC Bitesize
Boudicca (d. 61 CE) was the Celtic queen of the Iceni tribe of modern-day East Anglia, Britain, who led a revolt against Rome in 60/61 CE. The Iceni king, Prasutagus, an independent ally of Rome, divided his estate between his daughters and the Roman emperor Nero (r. 54-68 CE).

Boudica — Ancient History Encyclopedia
Boudicca was a British Celtic warrior queen who led a revolt against Roman occupation. Her date and place of birth are unknown and it's believed she died in 60 or 61 CE. An alternative British spelling is Boudica, the Welsh call her Buddug, and she is sometimes known by a Latinization of her name, Boadicea or Boadacaea.

Biography of Boudicca, British Celtic Warrior Queen
Boudicca, sometimes written Boadicea, was queen of the Iceni tribe, a Celtic clan which united a number of British tribes in revolt against the occupying forces of the Roman Empire in 60-61 AD. While she famously succeeded in defeating the Romans in three great battles, their victories would not last.

Book

Boudica, or Boadicea, queen of the Iceni, led a famous revolt against Roman rule in Britain in AD 60, sacking London, Colchester and St Albans and throwing the province into chaos. Although then defeated by the governor, Suetonius Paulinus, her rebellion sent a shock wave across the empire. Who was this woman who defied Rome? Boudica: Iron Age Warrior Queen is an account of what we know about the real woman, from classical literature, written for the consumption of readers in Rome, and from the archaeological evidence. It also traces her extraordinary posthumous career as the earliest famous woman in British history. Since the Renaissance she has been seen as harriadan, patriot, freedom fighter and feminist, written about in plays and novels, painted and sculpted, and recruited to many causes. She remains a tragic, yet inspirational, figure of unending interest.

"This is the first book to concentrate exclusively on texts about Boudica and to cover the full chronological range from the first surviving historical account by Tacitus in AD 98 to the triumphant conclusion of Manda Scott's series of novels in 2006. All our knowledge of the ancient British queen Boudica, and her ferocious yet ultimately unsuccessful rebellion against the Romans, is derived from a few accounts in ancient Greek and Latin. Yet they have inspired a flood of history, fictional narrative, drama, and poetry, and there is no indication that the process has ended. This study illuminates and celebrates the rich variety generated by the creative tensions between writers' knowledge and their individual tastes, beliefs, and political or artistic aims and considers whether Boudica's textual metamorphoses are without limits or variations on a distinctive theme bounded by a flexible yet enduring narrative pattern." --Book Jacket.

Boudica has been immortalised throughout history as the woman who dared take on the Romans - an act of vengeance on behalf of her daughters, tribe and enslaved country. Her known life is a rich tapestry of wife, widow, mother, queen and Celtic quasi-Goddess. But beneath this lies a history both dark and shocking, with fresh archaeological evidence adding new depth and terrifying detail to the worn-out myths. From the proud warrior tribes of her East Anglian childhood to the battlefields of her defeat, this is a vividly written and evocatively told story, bringing a wealth of new research and insight to bear on one of the key figures in British history and mythology. From the author of the much-praised Captain Cook comes a major new historical biography; a gripping and enlightening recreation of Boudica, her life, her adversaries, and the turbulent era she bestrode.

The fourth and final novel in the magnificent saga of Britain's warrior queen (Boudica ⚔️ 'Bringer of Victory' and the last defender of the Celtic culture) will capture readers' hearts and minds, as Manda Scott brings the series to a stunning close. It is AD 60 and the flame of rebellion that has been smouldering for 20 years of Roman occupation has flared into a conflagration that will consume the land and all who live in it. There is no going back. Boudica has been flogged and her daughters raped, and her son has burned a Roman watchtower in an act of blatant insurgency. This is the time to act: the Roman governor has marched his legions west to destroy the druidic stronghold of Mona, leaving his capital and a vital seaport hopelessly undefended in the face of twenty-thousand warriors aching for vengeance. But to crush the legions for all time, Boudica must do more than lead her army in the greatest rebellion Britain has ever known. She must find healing for herself, for the land, and for Graine, her 8-year-old daughter, who has taken refuge on Mona. Is revenge worth it under any circumstances, or is the cost more than anyone can bear? Colchester is burning and London is lost without hope. Amidst fire and bloody revolution ⚔️ a battle that will change the fate and spirituality of a nation for centuries to come ⚔️ Boudica and those around her must find what matters most, now and for ever.

First published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

AD 57: much of Britannia has been under Roman occupation for over ten years, with key areas in the south and east administered as vassal states, where the tribes pay costly tithes to the Emperor in return for the right to continue living on their own land

When Roman troops threatened to seize the wealth of the Iceni people, their queen, Boudica, retaliated by inciting a major uprising, allying her tribe with the neighbouring Trinovantes. The ensuing clash is one of the most important - and dramatic - events in the history of Britain, standing testament to what can happen when an insensitive colonial power meets determined resistance from a subjugated people head-on. In this fascinating account of a legendary figure, Miranda Aldhouse-Green raises questions about female power, colonial oppresion, and whether Boudica would be seen today as a freedom fighter, terrorist or martyr.

In AD 60/61, Rome almost lost the province of Britain to a woman. Boudica, wife of the client king Prasutagus, fomented a rebellion that proved catastrophic for Camulodunum (Colchester), Londinium (London), and Verulamium (St Albans), destroyed part of a Roman legion, and caused the deaths of an untold number of veterans, families, soldiers, and Britons. Yet with one decisive defeat, her vision of freedom was destroyed, and the Iceni never rose again. Boudica: Warrior Woman of Roman Britain introduces readers to the life and literary importance of Boudica through juxtaposing her different literary characterizations with those of other women and rebel leaders. This study focuses on our earliest literary evidence, the accounts of Tacitus and Cassius Dio, and investigates their narratives alongside material evidence of late Iron Age and early Roman Britain. Throughout the book, Caitlin Gillespie draws comparative sketches between Boudica and the positive and negative examples with which readers associate her, including the propheteess Veleda, the client queen Cartimandua, and the rebel Caratacus. Literary comparisons assist in the understanding of Boudica as a barbarian, queen, mother, commander in war, and leader of revolt. Within the ancient texts, Boudica is also used as an internal commentator on the failures of the emperor Nero, and her revolt epitomizes ongoing conflicts of gender and power at the end of the Julio-Claudian era. Both literary and archaeological sources point towards broader issues inherent in the clash between Roman and native cultures. Boudica's unique ability to unify disparate groups of Britons cemented her place in the history of Roman Britain. While details of her life remain elusive, her literary character still has more to say.

Boudica' introduces readers to the life and literary importance of Boudica through juxtaposing her literary characterizations in Tacitus and Cassius Dio with those of other women and rebel leaders. Literary comparisons assist in the understanding of Boudica as a barbarian, queen, mother, commander in war, and leader of revolt.

Taking a long chronological view and a wide-ranging, interdisciplinary approach, this is an innovative and distinctive book. It is the definitive work on the posthumous reputation of the ever-popular warrior queen of the Iceni, Queen Boadicea/Boudica, exploring her presence in British historical discourse, from the early-modern rediscovery of the works of Tacitus to the first historical films of the early twentieth century. In doing so, the book seeks to demonstrate the continuity and persistence of historical ideas across time and throughout a variety of media. This focus on continuity leads into an examination of the nature of history as a cultural phenomenon and the implications this has for our own conceptions of history and its role in culture more generally. While providing contemporary contextual readings of Boudica's representations, Martha Vandrei also explores the unique nature of historical ideas as durable cultural phenomena, articulated by very different individuals over time, all of whom were nevertheless engaged in the creative process of making history. Thus this study presents a challenge to the axioms of cultural history, new historicism, and other mainstays of twentieth- and twenty-first- century historical scholarship. It shows how, long before professional historians sought to monopolise historical practice, audiences encountered visions of past ages created by antiquaries, playwrights, poets, novelists, and artists, all of which engaged with, articulated, and even defined the meaning of "historical truth." This book argues that these individual depictions, variable audience reactions, and the abiding notion of history as truth constitute the substance of historical culture.
