On the Vanguard V-twins, you can buy the "diode wire" as a stand alone part -- Part#:844547, runs about \$12 retail. On Intek V-twins, you usually have to buy the complete engine wiring harness to replace the bad diode(s). They run about \$25 retail. I use 1n4007 diodes (1A, 1,000 peak volts). A pack of 100 is around \$5 on E-bay, or Amazon.

How electrical system is wired for Briggs and Stratton ...

Before you are able to change the lawn mower oil on your Briggs & Stratton® small engine, it's important to understand the oil type and capacity required. The type of equipment you use, the engine within, and the temperature outside determines what type of oil to use, how much you need and the cost of the oil.

What type and how much oil for my lawn ... - Briggs & Stratton

Intek engines are making the riding mower experience easier, smoother and more powerful. These ride-on mower engines come in two options – single cylinder and V-twin – that deliver between 10.5 to 24 gross horsepower for the power you expect from a Briggs & Stratton engine.
