range from on-site measurements to the construction of audio tours for local tourism, from media analysis of popular culture audio drama to sound-identity and city branding, and from the classification of noise in city planning to a consideration of the complex relationship between sacred sound and the creation of a

Read PDF Case Of The Weeping

Coffin sense of place. Taking a social geographic perspective, the book focuses on the effects of sounds on the individual and how they influence the ways s/he engages the city as place, especially in their daily routines. In doing so, it uncovers the socio-scientific potential of sound in the urban environment, based on

Read PDF Case Of The Weeping

the understanding that sound cannot and must not be seen as detached from the urban landscape, but rather as a constituting element. Sound exists not only ' within the city ' : it ' is ' the city.
