Ork Codex 7th Edition -  
[old.dawnclinic.org](http://old.dawnclinic.org)

Orks had a good run between late 4th and throughout 5th edition with new plastic kits and great rules. Since 6th though they have had a very hard time staying anywhere near competitive.

This is a big problem as Orks are one of the bedrock armies, with tons of players who are now forced to sit on the sideline of competitive play.

Codex: Orks (4th Edition) -  
Warhammer 40k - Lexicanum  
Between dirt-cheap, durable infantry, ease of acquiring Fearless, and exceptionally point-efficient anti-infantry shooting and melee, Orks are initially very forgiving of tactical errors. However, the codex has aged bizarrely, with vehicles becoming less of a threat and newer rules phasing out old standards in the recent 6th Edition.

Wikipedia

The Ork codex was the 6th to be released in third edition (7th if you include the free Assassins book that White Dwarf gave away), coming out almost a year after the release of 3rd edition itself. The new codex sought to expand the special rules and army list for the Orks to make the army work better in third edition.
