FTA is experiencing a surge in activity from those looking to purchase a dental practice. Andy Acton explains where that's coming from and what it means. Not surprisingly during the 'lockdown' period, the dental practice sales market slowed down. However, over the last few months, there has been an encouraging surge in activity.

Is anyone buying a dental practice? – Dentistry Online

People refer to a practice as "my dentist", suggesting a personal connection with you. Dental practices benefit from the crossover between being part service industry and part retail. Here are some tips which I have learnt over the past two decades of being involved in dental practices to help make your practice more profitable.

The dental practice that stayed open during lockdown. A dentist who kept her practice open to treat patients during lockdown has spoken out about why it was important for her to continue helping people in pain. Dr Shohreh Ghaseini, of The Harrogate Dentist and Cosmetic Surgery, kept her practice open for emergency treatment after the country shut down in late March following the continued spread of COVID-19.

The dental practice that stayed open during ... - Dentistry UK

Many patients are confused about the difference between private and NHS dental treatment so we have outlined some of the differences below. The common assumption is that private dentistry is more expensive but this may not always be the case and usually the service and treatment outcome you receive is better and unrestricted.

What are differences between NHS and private dentistry ...

Dental practice can grow patients' bones in a regenerative implant treatment. A dental practice in South Lanarkshire renowned for its implant work has seen a 30 per cent year-on-year increase in enquiries after pioneering a technique that uses patients' own blood plasma to grow...

Problems finding an NHS dentist. If after contacting several dental surgeries you still cannot find a dentist accepting NHS patients, call NHS England's Customer Contact Centre on 0300 311 2233. NHS England commissions dental services in England and is required to meet the needs of their local population for both urgent and routine dental care.

How to find an NHS dentist - NHS

The practice where I work is a relatively simple general dental practice. It is predominantly NHS based and it's where I offer private cosmetic dental care to patients in addition to general dentistry. Over the last few years, I have heavily invested in my dental education. I have now completed my postgraduate diploma in clear aligner therapy.

Overview - The Dental Practice - NHS

During the pandemic, the focus on dentistry has been on ensuring the sustainability of the General Dental Service. However, one consequence of lockdown, including the continued operation of the Urgent Dental Care Centres, is that the PDS colleagues have been unable to see their usual patients which has caused a significant backlog of unmet care.

Live updates: Coronavirus and dentistry

Frank Taylor & Associates reports on a recent survey showing 41% of dentists would use its services to manage their practice sale. Recent research on the buying and selling of dental practices provided reassurance for the industry's largest provider, Frank Taylor & Associates (FTA). The study, conducted independently by FMC, revealed that over 41% of dentists said they would use FTA to manage the process on their behalf.
