Radu Florescu (23 October 1925 – 18 May 2014) was a Romanian academic who held the position of Emeritus Professor of History at Boston College.His work on Vlad Dracula includes a series of bestselling books that he co-authored with his colleague Raymond T. McNally.Along with serving as Director of the East European Research Center at Boston College, Florescu was also a philanthropist and an ...

A biography of the real 15th-century Wallachian leader known as Vlad the Impaler, who inspired the classic horror novel by Bram Stoker. Dreaded by his enemies, emulated by later rulers like Ivan the Terrible, honored by his countrymen even today, Vlad Dracula was surely one of the most intriguing figures to have stalked the corridors of European and Asian capitals in the fifteenth century. Vlad Dracula also served as the inspiration for Bram Stoker ' s classic vampire tale. However, as this biography proves, " the real Dracula is far more interesting than the fictional vampire " (Houston Chronicle). Covering Vlad Dracula ' s entire life and subsequent legend, this book includes " a fascinating chapter on the mystery of Dracula ' s empty grave " (New York Times Book Review). Praise for Dracula, Prince of Many Faces " Florescu and McNally manage to capture the ruthlessness, romance, and courage that characterized Dracula ' s ultimately pitiable life. . . . A fascinating look at political intrigue in fifteenth-century Eastern Europe. " —Lamar B. Graham, Boston Phoenix Literary Supplement

Dracula, Prince of Many Faces reveals the extraordinary life and times of the infamous Vlad Dracula of Romania (1431 - 1476), nicknamed the Impaler. Dreaded by his enemies, emulated by later rulers like Ivan the Terrible, honored by his countrymen even today, Vlad Dracula was surely one of the most intriguing figures to have stalked the corridors of European and Asian capitals in the fifteenth century.

In October of 1448, Vlad is a month shy of his seventeenth birthday when he leads a cavalry two thousand strong to the wooden walls of Tirgoviste. They are the last obstacle preventing him from reclaiming the throne held by his father. Determined to be his father's son in every way possible, Vlad finally walks through the open gates where, in due course, he plans to free himself of the Turks and declares himself "Son of the Dragon"--Dracula. At last, he is prince. Dracula presides over Wallachia, a principality caught between two voracious predators: the kingdom of Hungary and the Ottoman, better known as the Turks. Bitter at God and left wondering if He even exists, Dracula faithfully follows his life's purpose to free Wallachia, battling criminals and factions who attempt to break him with overwhelming force and terror. But as a sultan watches the feud from a distance and gloats, Dracula eventually turns his enemies' tactics against them, finds love, is taken prisoner, and stands at a crossroads where he is faced with an agonizing choice: renounce his past, or embrace his fate. In this historical novel, a fifteenth-century warlord cursed by his church and torn between his code of ethics and his humanity evolves into a legend who soon proves that he is neither a man nor a prince, but something beyond both.

This book studies the life and times of Vlad III Dracula, also known as Vlad the Impaler, providing the reader with a better understanding of the personality of this enigmatic figure of medieval history, as well as the times in which he lived.

This engrossing book tells the story of the Florescu family, from its feudal blood ties, to the notorious 15th century figure Vlad Tepes (Count Dracula), right up to present day, touching on such diverse personalities as the Kennedys, Bill Clinton, and Michael Jackson. In the tradition of Alex Haley ' s Roots, Dracula ' s Bloodline relates a multi-generational saga through the prism of one family ' s narrative, from medieval Eastern Europe to the post-Communist era. The book provides an inside look at Romania ' s bloody and turbulent history—a mostly untold narrative that embraces the cruel Ottoman invasions, vying boyars seeking to change the political order at home, and the toppling of the Ceausescu regime. The story of each century is told through the eyes of one Florescu (or more) who had a unique perch from which to view his or her contemporary society. Florescu and Cazacu drew on research that had mostly been kept in family hands. To track the Florescu footprint down through the centuries since the 1400s, they used many sources: the Brasov archives in Transylvania, select letters, unpublished diaries, and extensive family documents that have been scattered from Europe to the United States. This fully indexed book offers many photographs from family archives, as well as a glossary of terms and titles, and a full genealogy showing the Florescu ' s family links to Vlad Tepes.

Traces the history and folklore of vampires

Dracula — the fifteenth century Romanian prince, also known as Vlad the Impaler [?epe?], is one of the most fascinating personalities of medieval history. Even during his own lifetime, his true story became obscured behind a veil of myths. As a result, he has been portrayed as both a bloodthirsty tyrant — which degenerated down through the centuries into the fictional vampire of the same name created by the Irish author Bram Stoker at the end of the nineteenth century — and as a national and Christian hero who bravely fought to defend both his native land and all of Europe against the Islamic threat posed by the Ottoman Turks. The printing press had first come into use just prior to the beginning of his principal reign, allowing information to be more widely disseminated throughout the continent. This created a public appetite for sensational stories and one might argue that Vlad was one of the earliest victims of “ fake news. ” A series of pamphlets circulated throughout Europe, already during his lifetime, intended to tarnish the reputation of the Wallachian prince, who had bravely confronted the Ottoman threat. This served to create a justification as to why funds received by the Hungarian king from the Pope to finance a new Christian crusade against the Turks had been diverted to other purposes. This is just one of the mysteries explored in the many studies contained in this volume. This book includes a wide range of studies on the life and times of Vlad III Dracula by leading historians and scholars from around the world. It presents a diversity of viewpoints, allowing the reader to understand the different historical perspectives with which Vlad is viewed in modern historiography. It also includes a wealth of supplementary materials, essential for anyone interested in learning about the life of Vlad the Impaler: translations of important documents concerning his reign; a genealogy of the family of Vlad the Impaler, translations from Turkish and Byzantine chronicles referring to the controversial Wallachian prince; a chronology, and an extensive bibliography of works on the life and times of Vlad the Impaler. Dracula: Essays on the Life and Times of Vlad the Impaler is an attempt to penetrate behind the myths surrounding the real Dracula and to uncover the true story of this legendary historical figure. \*\*\* This collection of studies is edited by Dr. Kurt W. Treptow, author of one of the finest monographs on the subject: Vlad III Dracula: The Life and Times of the Historical Dracula. Included are works by leading American, British, and Romanian scholars on Vlad the Impaler, including Constantin C. Giurescu, Veniamin Ciobanu, Matei Cazacu, Kurt W, Treptow, Radu R. Florescu, Raymond T. McNally, ?tefan Andreescu, Eric D. Tappe, Grigore Nandri?, Alexandru Du?u, David Prodan, Nicolae Stoicescu, Anton Balot?, P.P. Panaitescu, George D. Florescu, and Constantin Rezachevici.

The real Dracula was far from Bram Stoker ' s well-mannered aristocrat. Better known as Vlad the Impaler, he was named for his favoured execution method: running a spear through his victim ' s lower body, then standing them upright so it skewered their vital organs.In a world ruled by petty tyrants and constantly at war, the young Dracula was held hostage by the Turks while his father was assassinated and his brother was buried alive. Finally released, Dracula conducted an almighty purge, surrounding his palace with noblemen impaled on stakes. Then he turned his attention to military campaigns against the Turks and Bulgars to consolidate his power.Yet to Romanians and the Pope he was a hero and liberator, fighting to protect his kingdom and countrymen from invasion in a complex and treacherous time. And, as an initiate in the Order of the Dragon, Dracula also played a vital (if not entirely noble) part in the fight against the Ottoman war machine.In this full account of Vlad Dracula, James Waterson details the good and the bad of this warlord prince, offering a fascinating insight into the violent end of the Middle Ages.

Vlad the Impaler The character Count Dracula is well-known throughout the world. He is a dark, seductive, pale man wearing a cape. His gaze is quite literally captivating, and he has the strength of ten men. The story, written by Bram Stoker in 1897, has been retold hundreds of times, but is there a historical figure upon whom the character is based? Is there really a Dracula? Many scholars argue that Vlad III Dracula, also known as Vlad the Impaler, is the real Dracula. He was known in western Europe for his cruelty, most especially his penchant for impaling his victims. He is said to have killed somewhere between 40,000 and 100,000 people during his crusade to stop the Ottoman Empire from expanding into eastern Europe. He was equally harsh on the people he ruled and is said to have taken great pleasure in torturing his victims. Inside you will read about... - Vlad's early life and family - Rise to power: Vlad's first reign - War with the Ottomans, Vlad's main reign - Vlad's imprisonment, third reign, and death - Vlad Dracula's legacy - Vlad the Impaler in fiction: Count Dracula His story, however, is much more complicated than the oft-reported details of his atrocities would imply. He lived in a time of conflict where many were equally as cruel, and he is viewed as a hero in Romania where he is remembered as a protector of his people. This eBook tells the story of his life and times, and discusses his connection to the fictional Count Dracula, in a succinct, compelling manner, which makes for an entertaining read that is packed with historical information.
