Welcome To Sugartown is one of my favorite books; so needless to say, I have been champing at the bit for the latest volume of the Sugartown series, Enjoy Your Stay to be released. If I thought Welcome to Sugartown was good, holy mother of god, Enjoy Your Stay was even better. Ms. Jenner certainly upped her game.

After devouring book 1 in the Sugartown series, book 2 Enjoy your stay was everything we imagined it to be. It had drama, was funny, sexy and quirky. Carmen has a way of putting in everything from the funny Aussie way of life to the deliciousness of her male characters. While the drama is not as intense as book 1 it still delivers an enjoyable ...

his dreams of becoming a rock god, he left a tiny piece of him behind. Holly wishes he hadn't. Jackson wishes he hadn't. Jackson Rowe tried filling the void his family left by drinking, screwing around, and leaving a string of heartbroken women in his wake. Moving back to Sugartown should have been easy, but he hadn't counted on the fact his sometimes attraction to Holly would still be alive and kicking—and he sure as hell hadn't counted on her being pregnant with another man's baby. They drive one another crazy, and yet they can't stay away. When old flames resurface, and even older wounds are torn open, can two people so similar make it work? Or will their stubbornness only drive them further apart? *Content Warning. Intended for a mature 18+ audience. Contains angst, a crap-tonne of profanity, short-tempered Australian wildlife, and some very pregnant sex.

Jake Tucker is broken. At twenty-two, he went in to the Marine Corps a naïve, troubled youth. Nine years and four tours later, Jake finds himself back on US soil, though his mind remains firmly planted in the sands of Afghanistan with the men he left behind. Wounded, chewed up and spat out by war, Jake has only his dog, Nuke, PTSD, and survivor's guilt to keep him company. He's lived every day for nine years wondering when it will be his last, but there's little comfort in the fact that he's still standing when his platoon isn't. Ellie Mason doesn't have time for broken. She's too busy trying to put food on the table. And keeping up with the demands of her autistic son, Spencer, is sometimes like fighting behind enemy lines. As if navigating the minefields of single parenthood isn't enough, Ellie finds herself drawn to the quiet Marine who's just as lonely as she is. But she's loved damaged men before, and it left her wounded. Set against the picturesque backdrop of Fairhope, Alabama, Ellie and Jake find themselves running toward the sound of chaos. Love is war. Only the strong survive, and surrender is inevitable.

Head down south to Winchester Wild Ranch where the nights are steamy, the cowboys are smokin', and it's always a wild ride. A heartfelt, second chance, small-town romance from USA Today bestselling author Carmen Jenner. Twelve years ago, Lemon Winchester traded her cowgirl boots for Manolos and fled Red River Canyon for New York without so much as a glance in her rearview. When tragedy strikes, Lemon returns to Winchester Wild Ranch, back to the little town she left so many years ago, back to the house that holds too many memories, and back to her overbearing, madcap family. But not everyone is happy to see her. Colton Hayes has worked Winchester land since he was old enough to ride a horse. For as long as he can remember, his future only ever involved one person—Lemon Winchester—his best friend's little sister. But it's hard to marry the girl next door when she runs off in the middle of the night without so much as a goodbye. She's back and he's bitter. They once shared a love capable of scalding even the most brutal Texas summer, but the ranch is no longer big enough for them both, especially when those old feelings begin to resurface. Lemon is every bit as infuriating as the day he fell in love with her, but Colt knows better than anyone that you can't rope in Winchester wild. That woman will be the death of him ... assuming her brothers don't kill him first.

Life in Sugartown hasn't always been easy, not for an ex-con like Elijah, and certainly not for Ana, who grew up desperate for a way out. Meeting Elijah changed all that; Elijah changed a lot of things. You'd think that after three years together and the worst behind them that life would be a walk in the park, but Sugartown's sexiest couple may be about to face their biggest obstacles yet. Between failed marriage proposals, a trappy ex-lover and a tempting new biker, Sugartown is suddenly not so sweet. They're head-over-heels in love. It should be simple—but it rarely is. Will they make it down the aisle to the happy ever after they deserve? Or are some relationships just destined to fail? Intended for an 18+ audience. Contains explicit sex, violence, a crap-tonne of profanity, and naked encounters with disastrous outcomes.

Cooper Ryan is living the dream. Between the parties with rock royalty, booze, groupies and performing to crowds of thousands with his band Taint, life seems pretty sweet. There's just one thing missing: the feisty little red-head that took his baby and ran off with his heart. Throwing himself into music is the only thing keeping him sane. Until a run-in with a nonplussed, package-wielding PA throws everything off balance. Ali Jones is having a craptastic life. Her grandmother died, leaving her homeless, penniless, and alone, and her boyfriend left her for a tramp who takes her clothes off for money. That's why when she lands her dream job at a record company it seems like it's too good to be true. Because it is. Slapped with an ultimatum, Ali must decide if facing the horror of the unemployment line is a fate worse than going on the road with four rowdy rockers hell-bent on making her life misery. He's adored by millions. She's not even loved by her cat. Can they ignore their hatred long enough to survive the tour from hell? Or will their chemistry force everything to come crashing down around them?

Stella Hart is the hottest thing in country music. For ten years, she's been Nashville's darling. She's pure, sweet, and a positive role model in an industry rife with scandals, sex, and sequins. Men want to own her, women want to be her-everyone wants a piece of her, and Stella? Well, she wants out. As the center for the Calgary Crushers, Van Ross isn't afraid of the spotlight, but he doesn't much like it either. Despite his reputation as a player, the NHL's bad boy lives for only two things: the game, and his younger brother. That's why when he comes across a country music superstar seeking refuge at his home in the Canadian Rockies, he's not too happy with the media shitstorm this surprise houseguest brings. With a nationwide manhunt, paparazzi dogging their every move, producers of a reality TV show baying for blood, and a record label desperate to see their "good girl" returned safely home, Van and Stella's lives are snowballing out of control. While Van would like nothing more than to show the purest of them all how well he handles his er ... stick, Stella is no puck bunny. Nor is she as innocent as she'd have the world believe. With chemistry like theirs, tension runs high on and off the ice, but the end game is the same for both players: line up the puck, take the shot, and score. If only their hearts understood the play. Puck fame and fortune. Puck right and wrong. Puck love.

In this installment of Loren Estleman's signature PI series, Amos Walker, the quintessential hard-boiled detective, proves that he's mortal after all. Jeff Starzek, an old friend who smuggles cigarettes for a living, saves Walker's life, getting him to the hospital after he's taken a bullet in the leg. A month later, still convalescing, Walker gets a panicked phone call from Starzek's sister. Jeff is missing. One of the few leads is a Homeland Security agent who's after Starzek, in connection with a counterfeiting operation that may have terrorist ties. Though Walker doubts Starzek is a terrorist, he finds treasury paper at a church run by Starzek's brother. Then Starzek's brother disappears too. Back to square one, Walker follows his best hunch, driving Starzek's usual cigarette route along the Lake Huron shore, and finally gets a solid lead on the paper hangers. But before Walker can break the case, someone tries to shoot him—and he's accused of murder. Walker will need all of his intestinal fortitude, injured leg notwithstanding, to stay alive long enough to figure out who's doing what to whom, in time to save his friend, in *Nicotine Kiss*.
