The Edge lies between worlds, on the border between the Broken, where people shop at Wal-Mart and magic is a fairy tale--and the Weird, where blueblood aristocrats rule, changelings roam, and the strength of your magic can change your destiny... Charlotte de Ney is as noble as they come, a blueblood straight out of the Weird. But even though she possesses rare magical healing abilities, her life has brought her nothing but pain. After her marriage crumbles, she flees to the Edge to build a new home for herself. Until Richard Mar is brought to her for treatment, and Charlotte's life is turned upside down once again. Richard is a swordsman without peer, future head of his large and rambunctious Edger clan--and he's on a clandestine quest to wipe out slavers trafficking humans in the Weird. So when his presence leads his very dangerous enemies to Charlotte, she vows to help Richard destroy them. The slavers' operation, however, goes deeper than Richard knows, and even working together, Charlotte and Richard may not survive...

Cerise Mar and her clan are cash poor but land rich, claiming a large swathe of the Mire, the Edge swamplands. When her parents vanish, her clan's long-time rivals are suspect. But all is not as it seems. Two nations of the Weird are waging a cold war fought by feint and espionage, and their conflict is about to spill over into the Edge--and Cerise's life.

An uneasy alliance between warring families gets heated in this otherworldly novella from bestselling author Ilona Andrews. At first glance, the planet Rada seems like a lush paradise. But the ruling families, all boasting genetically enhanced abilities, are in constant competition for power--and none more so than the Adlers and the Baenas. For generations, the powerful families have pushed and pulled each other in a dance for dominance. Until a catastrophic betrayal from within changes everything. Now, deadly, disciplined, and solitary leaders Ramona Adler and Matias Baena must put aside their enmity and work together in secret to prevent sinister forces from exploiting universe-altering technology. Expecting to suffer through their uneasy alliance, Ramona and Matias instead discover that they understand each other as no one in their families can--and that their combined skills may eclipse the risks of their forbidden alliance. As the two warriors risk their lives to save their families, they must decide whether to resist or embrace the passion simmering between them. For now, the dance between their families continues--but just one misstep could spell the end of them both.

But things didn't turn out the way she'd planned, and now she works an off-the-books job in the Broken just to survive. #1 New York Times bestselling author Ilona Andrews invites you to experience the first novel in the "intriguing world" (Locus) of Kate Daniels with this special edition of Magic Bites... Kate Daniels is a down-on-her-luck mercenary who makes her living cleaning up magical problems. But when Kate's guardian is murdered, her quest for justice draws her into a power struggle between two strong factions within Atlanta's magic circles. Pressured by both sides to find the killer, Kate realizes she's way out of her league--but she wouldn't want it any other way... This special edition includes in-depth information about the world of Kate Daniels, with descriptions of its characters and factions. Explore Kate's Atlanta like never before with answers to FAQ and a quiz to find your place there. And don't miss the prequel story "A Questionable Client," as well as scenes of events in Magic Bites from Curran's point of view.

Kate has come a long way from her origins as a loner taking care of paranormal problems in post-Shift Atlanta. She's made friends and enemies. She's started a family with Curran Lennart, the former Beast Lord. Kate and her father, Roland, currently have an uneasy truce, but when he starts testing her defences again, she knows that a confrontation is inevitable. The Witch Oracle has begun seeing visions of blood, fire, and human bones. And when a mysterious box is delivered to Kate's doorstep, a threat of war from the ancient enemy who nearly destroyed her family, she knows their time is up.

"After breaking from life with the Pack, mercenary Kate Daniels and her mate--former Beast Lord Curran Lennart-- are adjusting to a very different pace. While they're thrilled to escape all the infighting, Kate and Curran know that separating from the Pack completely is a process that will take time. But when they learn that their friend Eduardo has gone missing, Kate and Curran shift their focus to investigate his disappearance. Eduardo was a fellow member of the Mercenary Guild, so Kate knows the best place to start looking is at his most recent jobs. As Kate and Curran dig further into the merc's business, they discover that the Guild has gone to hell and that Eduardo's assignments are connected in the most sinister way...An ancient enemy has arisen, and Kate and Curran are the only ones who can stop it--before it takes their city apart piece by piece" -- Publisher's description.

From award-winning author, Ilona Andrews, an all-new novel set in the New York Times #1 bestselling Kate Daniels World and featuring Julie Lennart-Olsen, Kate and Curran's ward. Atlanta was always a dangerous city. Now, as waves of magic and technology compete for supremacy, it's a place caught in a slow apocalypse, where monsters spawn among the crumbling skyscrapers and supernatural factions struggle for power and survival. Eight years ago, Julie Lennart left Atlanta to find out who she was. Now she's back with a new face, a new magic, and a new name--Aurelia Ryder--drawn by the urgent need to protect the family she left behind. An ancient power is stalking her adopted mother, Kate Daniels, an enemy unlike any other, and a string of horrifying murders is its opening gambit. If Aurelia's true identity is discovered, those closest to her will die. So her plan is simple: get in, solve the murders, prevent the prophecy from being fulfilled, and get out without being recognized. She expected danger, but she never anticipated that the only man she'd ever loved could threaten everything. One small misstep could lead to disaster. But for Aurelia, facing disaster is easy: it's relationships that are hard.
