Joe Konrath has sold over two million books under various names. As JA Konrath he's written the Lt. Jacqueline "Jack" Daniels series and the Timecaster series. As Jack Kilborn he's written several horror novels. As Melinda DuChamp he's written funny erotica. With Ann Voss Peterson, he's written the Codename: Chandler spy thrillers. Plus he's written a whole bunch of other stuff, a lot of it related to one or more of his series. It can get pretty confusing. This complete bibliography contains every Konrath book, in all the genres he writes in. It's a checklist for readers who want to make sure they don't miss a book, or want to make sure the books are read in the proper order. It also includes cover art, links to all of Konrath's ebooks, and a bonus Jack Daniels short story, ON THE ROCKS.

After having her cover blown and risking everything to stop a nuclear Armageddon, Chandler figured she might have been shown some appreciation. Instead, the organization that trained her locks up Chandler's sister on treason charges, intent on extracting every last scrap of information out of her broken body and mind. Despite the impossible odds, Chandler launches a rescue mission, breaking into an ultra-secret military prison on U.S. soil that no one has ever left alive.

A TOWN'S TERRIBLE SECRET Two years ago a woman was brutally murdered, her body burned until only ash and shattered bone remained. Police Sergeant Valerie Ryker solved that case, putting psychopath Dixon Hess in prison for life, and becoming the first female police chief of her tiny Wisconsin town. **A COP'S UNFORGIVABLE MISTAKE** Then the original murder victim turns up in a frozen lake, all in one piece and only recently dead, and Val must enter a race against time. In only forty-eight hours, Hess will be set free, and he wants payback. And Val, her town, and everyone she loves are at the top of his list. **A KILLER'S NEXT VICTIM** But surviving Hess's vengeance is only part of her dilemma. For there's another killer in Lake Loyal. One who may be closer to Val than she knows... Val will need all the help she can get, including a sexy firefighter, her dead sister's daughter, and a tough Chicago cop named Jack Daniels. Everyone has a breaking point, and Val has just reached hers. From bestselling romantic suspense author Ann Voss Peterson comes a page-turning thriller of police procedure, passion, and revenge. Make sure you're holding your Kindle tightly with both hands. "If you're a fan of Tess Gerritsen, James Patterson, or Kathy Reichs, don't even hesitate. Filled with nail-biting suspense, dark mystery, and even a dash of sexy romance, **PUSHED TOO FAR** qualifies for Thriller of the Year." - J.A. Konrath, author of **SHAKEN**

Codename: Chandler Covert operative known only as Chandler is a living weapon, a trained killer as ruthless as she is precise. She knows no remorse--until, to rescue her sister Fleming from a notorious black ops prison, Chandler is forced to make a terrible choice. Now, the world will pay the price... A power-mad American president is dead set on controlling the Western Hemisphere, and he won't think twice about killing millions of innocent people to do it. To stop him, Chandler must do the unthinkable, joining forces with her worst enemy in a desperate bid to preserve the very government that wants her dead. Tracking her is the one man who knows every secret, every safe house, every back-up plan she's ever had. Infiltrating the White House, crashing a bullfight in Mexico City, hijacking a blimp in Toronto--these are just the beginning of the end, as the Codename: Chandler trilogy races towards its stunning conclusion.
