performance. With step-by-step instructions and safety information throughout, this book is a valuable technical resource for owners of Series II, IIA and III Land Rovers. The book covers: choosing and buying a Series II or III Land Rover; maintenance and service procedures; detailed guides for repair and maintenance of each of the car's systems, including brakes, steering and suspension, engine, clutch and transmission, axles, hubs and propshafts, and electrical systems; repairing and preventing corrosion; upgrades for reliability, comfort, performance and off-roading; rebuilding a Series II or III Land Rover: things to know before you take on a project car. This practical guide and technical resource for all Series II, IIA and III owners and Land Rover enthusiasts is fully illustrated with over 280 colour photographs.

This book will be a completely revised and updated version of the Land Rover 90, 110 and Defender Restoration Manual (H600), containing a great deal of new material, particularly on later Defender models which have become available since the original edition.
