In What's Gaby Cooking Everyday California, Gaby Dalkin shares more than 125 of her favorite simple and fresh recipes and offers a glimpse into what it's like to "go coastal." It's about always having something tasty to eat, thanks to handy and delicious pantry staples (avocado oil! quinoa! limes! dark chocolate!), as well as an arsenal of easy and healthy recipes, like Chimichurri Cauliflower Rice Bowl with Grilled Fish, Taco Skillet Bake, and Street Corn Pizza. The book covers all the staples—avocado toast, grain bowls, greens, carbs, healthy mains, cocktails, and more. For Gaby, California is not so much a place but a state of mind, and this cookbook proves that no matter where you live, you can still apply the same philosophy. All it takes is finding the freshest produce you can, stocking up on some versatile pantry staples, and keeping flavors and techniques simple. After that, the only thing left to do is kick back, pour yourself a California Girl Margarita, and listen for those ocean waves.

This book offers thousands of ways to make your home environmentally healthy and will help you to make ecologically aware supply choices. From recycling to alternative cleaning materials, minor changes can add up to real benefits. Greening your home means finding things you can do to reduce your impact on the planet. We dissected your house, looking for easy (but not always obvious) ways that homeowners can conserve energy and water and money at the same time.
