In the realm of mental phenomena, experiment and measurement have hitherto been chiefly limited in application to sense perception and to the time relations of mental processes. By means of the following investigations we have tried to go a step farther into the workings of the mind and to submit to an experimental and quantitative treatment the manifestations of memory. The term, memory, is to be taken here in its broadest sense, including Learning, Retention, Association and Reproduction. (PsycINFO Database Record (c) 2004 APA, all rights reserved).

Award-winning author and artist Mike Curato draws on his own experiences in Flamer, his debut graphic novel, telling a difficult story with humor, compassion, and love. "This book will save lives." —Jarrett J. Krosoczka, author of National Book Award Finalist Hey, Kiddo I know I'm not gay. Gay boys like other boys. I hate boys. They're mean, and scary, and they're always destroying something or saying something dumb or both. I hate that word. Gay. It makes me feel . . . unsafe. It's the summer between middle school and high school, and Aiden Navarro is away at camp. Everyone's going through changes—but for Aiden, the stakes feel higher. As he navigates friendships, deals with bullies, and spends time with Elias (a boy he can't stop thinking about), he finds himself on a path of self-discovery and acceptance.

The heartbreaking story of two Acadian lovers separated during the expulsion of the French settlers from Nova Scotia.

This book from Wolfgang Publications shows how and why of performance engine building with 500 color photos. Not a what-to-buy-book - it's a how-to-build book. Take advantage of the knowledge shared by the R&R Cycles crew.

She's a cold fish desperate to break a curse. He's a college student without direction. Lady Hel, the goddess of death, has given up on love and has no use for it. After all, she's the ruler of Helheim, the realm of the undead! She doesn't need anyone...until she crosses Odin, the All-Father of the Norse gods. For her betrayal, she's exiled, cursed to look for her reincarnated one, true love, who died long ago. Now, stripped of her throne and most of her powers, will Lady Hel find love to remove the curse, or will she forever powerlessly suffer in turmoil, agony, and anguish? Harley Andersen is a seven-year college senior with no idea what to do with his life. So far, all he's come up with is killing time. When his best friend dares him to hop the gate of what's supposed to be a haunted house, he encounters a woman who steals a lot more than his breath. What she's offering Harley could give him the future he's missing. It'll just require a trip to the past. Hellish is a standalone book in the HELL CHRONICLES. Readers will recognize characters from the DRAGON SERIES, but you don't need to read them first to enjoy this new adult fantasy that turns the Beauty and Beast tale on its head. Hellish is the prequel to the novel Hellbent. Grab your copy now and fall in love! *** Read the rest of the Hell Chronicles and find out what readers are loving! *** The Hell Chronicles □ Hell for the Holidays (Prequel, standalone short story) □ Hellish □ Hellbent □ Helltown □ Hellbound □ Hellraiser

#1 NEW YORK TIMES BESTSELLER □ From the National Book Award-winning author of Stamped from the Beginning comes a "groundbreaking" (Time) approach to understanding and uprooting racism and inequality in our society—and in ourselves. "The most courageous book to date on the problem of race in the Western mind."—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review □ Time □ NPR □ The Washington Post □ Shelf Awareness □ Library Journal □ Publishers Weekly □ Kirkus Reviews Antiracism is a transformative concept that reorients and reenergizes the conversation about racism—and, even more fundamentally, points us toward liberating new ways of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In *How to Be an Antiracist*, Kendi takes readers through a widening circle of antiracist ideas—from the most basic concepts to visionary possibilities—that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves. Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next step: contributing to the formation of a just and equitable society. Praise for *How to Be an Antiracist* "Ibram X. Kendi's new book, *How to Be an Antiracist*, couldn't come at a better time. . . . Kendi has gifted us with a book that is not only an essential instruction manual but also a memoir of the author's own path from anti-black racism to anti-white racism and, finally, to antiracism. . . . *How to Be an Antiracist* gives us a clear and compelling way to approach, as Kendi puts it in his introduction, 'the basic struggle we're all in, the struggle to be fully human and to see that others are fully human.'"—NPR "Kendi dissects why in a society where so few people consider themselves to be racist the divisions and inequalities of racism remain so prevalent. *How to Be an Antiracist* punctures the myths of a post-racial America, examining what racism really is—and what we should do about it."—Time

Since he began posting in 2003, Dempsey has used his blog to explore nearly every important facet of library technology, from the emergence of Web 2.0 as a concept to open source ILS tools and the push to web-scale library management systems.

A vision of custom motorcycles

A PBS Great American Read Top 100 Pick With extraordinary relevance and renewed popularity, George Orwell's *1984* takes on new life in this edition. "Orwell saw, to his credit, that the act of falsifying reality is only secondarily a way of changing perceptions. It is, above all, a way of asserting power."—The New Yorker In 1984, London is a grim city in the totalitarian state of Oceania where Big Brother is always watching you and the Thought Police can practically read your mind. Winston Smith is a man in grave danger for the simple reason that his memory still functions. Drawn into a forbidden love affair, Winston finds the courage to join a secret revolutionary organization called The Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be. Lionel Trilling said of Orwell's masterpiece, "1984 is a profound, terrifying, and wholly fascinating book. It is a fantasy of the political future, and like any such fantasy, serves its author as a magnifying device for an examination of the present." Though the year 1984 now exists in the past, Orwell's novel remains an urgent call for the individual willing to speak truth to power.
