Our beliefs and our dominant thoughts create our reality. What we have thought about in the past has attracted our world of today and that which we believe and think about today will determine our future reality. This ancient law of attraction is constantly at work in our creative universe as cause and effect. Our lives are a continuous series of daily choices and the consequences of our choices should be intentional. Life is about Choices details the issues involved in making the important decisions in life. Author Ed Scott examines the relationship of human consciousness, synchronicity, and the law of attraction. A national resurgence of spirituality asks that we examine our core beliefs and values in order to awaken to a new reality. Life is
