Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

Endorsed by the Australian Human Resources Institute (AHRI - the national association representing human resource and people management professionals), Managing Human Resources 4th edition presents a concise coverage of key HRM topics typically taught in a 12 or 13-week teaching semester. The 4th edition has been thoroughly updated to reflect the impact of the Fair Work Act on the employment relationship between employers and employees, as well as on the work of HR professionals. Numerous practical examples throughout the text highlight contemporary HR issues, such as: Employee engagement Flexible working arrangements Work-life balance Generational issues in the workplace Skills shortages in various industries The importance of effective employee recruitment and training The cost of involuntary staff turnover Increasing diversity in the workplace Outsourcing Corporate social and ethical responsibility Globalisation In addition to a thorough analysis of the contemporary HR landscape in Australia, the text provides useful comparisons with HR practices in regional countries such as India, China and Japan.

Now in its 10th edition, AHRI-endorsed Human Resource Management: Strategy and Practice provides a strong conceptual and practical framework for students of human resource management. The successful integrative strategic HRM model is retained and the most recent developments in human resource management theories and practices are explored. A multitude of contemporary regional and international examples are incorporated throughout, alongside expanded coverage on the future of work and emerging HRM issues. Thoroughly revised and updated with the latest research findings, this edition adopts a lateral approach to illustrating the evolving HRM landscape and promoting employability. Now available on the MindTap platform, Human Resource Management: Strategy and Practice provides an optional online learning experience with interactive, skills-based activities as well as new opportunities for student engagement and revision. Premium online teaching and learning tools are available on the MindTap platform. Learn more about the online tools cengage.com.au/mindtap

This new 3rd edition of the best-selling text *People Management & Development: Human Resource Management at Work* is the complete text for anyone studying Human Resource Management. Combining the latest academic research with practical approaches to managing HR in the workplace, the text is thoroughly revised with increased signposting to enhance accessibility, a revised structure designed to be more flexible for use on CIPD and non-CIPD courses, as well as the addition of more international cases. Ideal for students studying for the CIPD professional qualification as well as general human resource management modules at undergraduate and postgraduate level. A 'route map' at the front of the book will indicate how the text can be used on both CIPD and non-CIPD courses to assist lecture preparation. **TARGETED AT** - Students studying CIPD Professional Qualifications and undergraduate and post graduate students taking HRM modules on business and HRM courses

Analyzes key critical HR variables and defines previously undiscovered issues in the HR field.

Big data are changing the way we work. This book conveys a theoretical understanding of big data and the related interactions on a socio-technological level as well as on the organizational level. Big data challenge the human resource department to take a new role. An organization's new competitive advantage is its employees augmented by big data.
