She's farther down the road now, and the scenery has changed—ex-husbands Thing One and Thing Two are in her rear-view mirror, daughter Francesca has moved into an apartment, and Lisa's finding the silver lining in her empty nest, which has lots more room for her shoes. And some things have stayed the same—Mother Mary is still the feistiest octogenarian on the planet, who won't part with her recipe for tomato sauce or her thirty-year old bra. In this book Lisa and Francesca spill all their family secrets—which sound a lot like yours, if you understand that three generations of women is the formula for spontaneous combustion. Inspired by her weekly column entitled, "Chick Wit" for The Philadelphia Inquirer, this is a book you'll have to put down—just to stop

Crucial formulas for baking success--an updated edition of the classic reference What do virtually all breads and desserts have in common? They rely on baking formulas, the building block "recipes" that every serious baker must master. For example, behind every tempting napoleon lies a formula for classic puff pastry, while a truly heavenly chocolate brownie cannot exist without the knowledge of how to temper chocolate. Compiled by a veteran instructor at The Culinary Institute of America, this authoritative reference contains 200 completely up-to-date formulas using essential ingredients found in today's pastry kitchens. From American Pie Dough and Pâté Brisée to Pastry Cream and Crème Anglaise, these recipes are written in small- and large-yield versions to accommodate the needs of the serious home baker as well as the pastry chef.
