From the birth of writing in Mesopotamia to the communication technologies of today, a financial theorist and historian documents the technology of human media – a revolutionary tool that allowed rulers to extend their control far and wide, giving rise to the world's first empires.

A captivating, illuminating, and sweeping historical narrative revealing the fascinating role media has played throughout the course of history. In “an engaging mix of theory, fact and enlightenment from across the millennia that wears its rich scholarship lightly,” Masters of the Word explains how new communication technologies and in particular our access to them, impacted human society (The Guardian). Writing was born thousands of years ago in Mesopotamia. Spreading to Sumer, and then Egypt, this revolutionary tool allowed rulers to extend their control far and wide, giving rise to the world’s first empires. When Phoenician traders took their alphabet to Greece, literacy’s first boom led to the birth of drama and democracy. In Rome, it helped spell the downfall of the Republic. Later, medieval scriptoria and vernacular bibles gave rise to religious dissent, and with the combination of cheaper paper and Gutenberg’s printing press, the fuse of Reformation was lit. The Industrial Revolution brought the telegraph and the steam driven printing press, allowing information to move faster than ever before and to reach an even larger audience. But along with radio and television, these new technologies were more easily exploited by the powerful, as seen in Germany, the Soviet Union, even Rwanda, where radio incited genocide. With the rise of carbon duplicates (Russian samizdat), photocopying (the Pentagon Papers), the internet, social media and cell phones (the recent Arab Spring) more people have access to communications, making the world more connected than ever before. This “accessible, quite enjoyable, and highly informative read” will change the way you look at technology, history, and power (Booklist). “[Bernstein] enables us to see what remains the same, even as much has changed.” –Library Journal, “Editors’ Picks” “Riveting and thoroughly researched, it brims with interesting ideas and astonishing connections.” –Phil Lapsley, author of Exploding the Phone: The Untold Story of the Teenagers and Outlaws Who Hacked Ma Bell “[Bernstein’s] narrative is succinct and extremely well sourced. . . . [He] reminds us of a number of technologies whose changed roles are less widely chronicled in conventional histories of the media.” –Irish Times

A Financial Times and Economist Best Book of the Year exploring world trade from Mesopotamia in 3,000 BC to modern globalization. How did trade evolve to the point where we don’t think twice about biting into an apple from the other side of the world? In A Splendid Exchange, William J. Bernstein, bestselling author of The Birth of Plenty, traces the story of global commerce from its prehistoric origins to the myriad controversies surrounding it today. Journey from ancient sailing ships carrying silk from China to Rome in the second century to the rise and fall of the Portuguese monopoly on spices in the sixteenth; from the American trade battles of the early twentieth century to the modern era of televisions from Taiwan, lettuce from Mexico, and T-shirts from China. Bernstein conveys trade and globalization not in political terms, but rather as an ever-evolving historical constant, like war or religion, that will continue to foster the growth of intellectual capital, shrink the world, and propel the trajectory of the human species. “[An] entertaining and greatly enlightening book.” –The New York Times “A work of which Adam Smith and Max Weber would have approved.” –Foreign Affairs “[Weaves] skillfully between rollicking adventures and scholarship.” –Pietra Rivoli, author of The Travels of a T-Shirt in the Global Economy

Combined expertise of a well-known art historian with a gifted inspirational writer brings each of these sixty beautifully depicted scenes to life. Short, inspirational reflections offer insight into the art, including the historical and cultural context and biblical background. Thought-provoking daily readings help readers interact with art pieces from ancient mosaics to medieval tapestries, from folk designs to acclaimed masterpieces.

Alexander Masters, the bestselling author of Stuart: A Life Backwards, asks you to join him in celebrating an unknown and important life left on the scrap heap In 2001, 148 tattered and mold-covered notebooks were discovered lying among broken bricks in a skip on a building site in Cambridge. Tens of thousands of pages were filled to the edges with urgent handwriting. They were a small part of an intimate, anonymous diary, starting in 1952 and ending half a century later, a few weeks before the books were thrown out. Over five years, the award-winning biographer Alexander Masters uncovers the identity and real history of their author, with an astounding final revelation. A Life Discarded is a true, shocking, poignant, often hilarious story of an ordinary life. The author of the diaries, known only as 'I,' is the tragicomic patron saint of everyone who feels their life should have been more successful. Part thriller, part love story, part social history, A Life Discarded is a biographical detective story that unfolds with the suspense of a mystery but has all the warmth, respect, humor, and dazzling originality that made Masters's Stuart: A Life Backwards such a beloved book.

Presents a dual biography of John Carmack and John Romero, the creators of the video games Doom and Quake, assessing the impact of their creation on American pop culture and revealing how their success eventually destroyed their relationship.

Pick a book. Grow a Reader! This series is part of Scholastic's early chapter book line, Branches, aimed at newly independent readers. With easy-to-read text, high-interest content, fast-paced plots, and illustrations on every page, these books will boost reading confidence and stamina. Branches books help readers grow! In book #7, the Dragon Masters have to track down the Lightning Dragon! But first, they need to find his Dragon Master -- a boy named Carlos. The Lightning Dragon shoots dangerous sparks of energy! Will Carlos be able to connect with his wild dragon? Or does a darker master have plans for the Lightning Dragon?

This is the standard size print – a large print version is available which is 360 pages – ISBN-13: 978-1523483785. If you are looking for a great work of literature you picked up the wrong book! Think of this more like a conversation between two friends where one just came out of the "Metaphysical Closet" big time and brought photos. First in The Dream Masters Trilogy, Book 1 is an autobiographical account of a few of Lisa Rhyne's extraordinary paranormal experiences. It is filled with insights to her life – especially as a metaphysical healer – which have been life-altering for her and everyone she's encountered. This compendium of actual events shows that humans are capable of far more than we have been led to believe is possible and makes you question the very fabric of reality itself. The question is not, "What if she's wrong?" The big question is, "What if she's right?" Here are some of the topics touched upon in this Book 1: The Dream Masters(r) and META-CON(r), Dreams, Dream Interpretation, DNA, Human Evolution, Shamanism, Soul Retrieval, Soul Loss, Initiations, Shapeshifting, Spirit Guides, Spirit Guardians, Animal Spirits, Angels, Demons, Invisibility, Shamanic Journey Work, Birth Guardian, Sekhmet, Expanded Awareness, Death and Near Death, Precognition, Deaths of Public Figures, The Void, Missing Time, Time Anomalies, Mysterious Marks, Orbs, Spirit Photography, Paranormal Events, Alternative Healing, Energetic Healing, Jesus and Resurrection, Second Sight, Medical Intuitive Work, Morphic Fields, Auras, Energy Fields of Bodies, Kachinas, White Chin Kachina, Archetypes, Animal Healing, Spontaneous Healing, Cancer Remission, Journaling, Automatic Writing, Parallel Universes, Parallel Dimensions, Psychic Attacks, Psychic Visions, Power/Protection/Support, Past Lives/Parallel Lives, Karma and Karmic Connections, Electronic Voice Phenomena (EVP), Zuni Elders,

Zuni Jewelry, Hopi Elders, Hopi Elder Grandfather Martin Gashweseoma, Mayan Elder Don Alejandro, Mayan Tzolkin Calendar, Mayan Birth Chart, Astrological Birth Chart, Claircognizance, Clairience, Clairescence, Clairaudience, Clairsentience, Clairvoyance, Clairgustance or Clairambience, St. Francis Cathedral Basilica, Our Lady of Peace, Santa Fe, New Mexico, Father Reynaldo Rivera, Loretto Chapel, Slim Spurling coils, Drunvalo Melchizedek, Manipulating the Environment and Weather with Consciousness Technology, Poltergeist Activity, Manifesting, Divine Intervention, Stargates, Petroglyphs, Prophecy, Art, Elantu, Miracles, Hypnosis, Ericksonian Hypnosis, Neurolinguistic Programming (NLP), Freydoon Rassouli, Kymberlee Ruff, Mark Borcherding, Spencer Grendahl, "The Little Soul And The Sun" by Neale Donald Walsch, The Oprah Winfrey Show, the Maury Povich Show, Senator Robert F. Kennedy, Jr., Dr. Barry Sears, The Zone Diet, Yuen Method of Chinese Energetics/Energetic Healing by Master Kam Yuen, D.C., Bruno Groening, Hank Wesselman, Jill Kuykendall, Cahokia Mounds, Anunnaki, the Giants and more
