I haven't run across a better book for my students to practice their listening with. It uses actual NPR and other radio network shows for listening practice, and has great exercises for vocab development. For advanced students only. However, I'd recommend the other NorthStar books for students of lesser ability.

The approach to critical thinking in both the Reading/Writing and Listening/Speaking strands challenges students to move beyond basic comprehension to higher-level analysis. Conceptualized to promote critical thinking, NorthStar infuses analysis, synthesis, evaluation, and application throughout every lesson, not just in a critical thinking section like in other series.
