With the release of the RED ONE™ digital cinema camera, the possibility of recording stunning, cinematic-quality images with an affordable camera became a reality. Now that the industry has embraced the nascent technology and added new tools and workflows, filmmakers—from independents on up—are leading the charge on establishing new rules. Here to guide newcomers and RED veterans alike, popular trainer and filmmaker Noah Kadner picks up where the manual leaves off. You 've got the basic operations down and now you 'll learn how to use the camera in a production environment and discover the various options in post. Using a clear, objective approach, he offers best-practice advice on utilizing RED 's proprietary tools, explains the workflows for Final Cut Studio, Avid, and Premiere Pro, and gives workaround solutions where needed. Well-known filmmakers and industry leaders share their own bleeding-edge production methodologies throughout, offering a rare view into this exciting new world of filmmaking. Here are just a few things you 'll learn to do:

- Build a RED package that fits your budget
- Set up for sound recording and learn which audio tools to use
- Achieve the optimal exposure using RED 's onboard tools and external gear
- Edit your footage with step-by-step instructions for Avid, Final Cut Pro, and Premiere Pro
- Work color correction into your HD, film, or Web projects
- Prep your project for output and archive your footage
- Learn from pros such as Rodney Charters, ASC (DP, 24), Simon Duggan, ACS (DP, Knowing), Albert Hughes (Director, The Book of Eli), and many others using RED
- Stay up-to-date and download additional resources at the companion Web site at www.peachpit.com/red

"If you want to dive in and starting using the RED, look no further. This book is the next best thing to having a top-notch production crew with RED experts working by your side." —Arthur Albert, Director of Photography, ER "An essential guide loaded with knowledge, I recommend it as the first purchase for any filmmaker who is thinking about owning or currently owns the RED." —Rodney Charters, ASC, Director of Photography, 24 "If you're planning to shoot with the RED camera, this is the book to get!" —Rob Cohen, Director, The Fast and the Furious "Noah Kadner takes the best practices of using the RED camera and shares them with the rest of us in this indispensable guide." —Simon Duggan, ACS, Director of Photography, Live Free or Die Hard, Knowing "Written in an easy-to-follow style, yet thorough in covering everything from production to postproduction to making money from your investment, this is a book that should be on every filmmaker 's desk and in their kit bag." —Norman Hollyn, Film Editor, Instructor, and author of The Lean Forward Moment "If you want to see how the pros are using the RED camera, you need this book." —Nancy Schreiber, ASC, Cinematographer, Every Day

The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. Two kids named Wes Moore were born blocks apart within a year of each other. Both grew up fatherless in similar Baltimore neighborhoods and had difficult childhoods; both hung out on street corners with their crews; both ran into trouble with the police. How, then, did one grow up to be a Rhodes Scholar, decorated veteran, White House Fellow, and business leader, while the other ended up a convicted murderer serving a life sentence? Wes Moore, the author of this fascinating book, sets out to answer this profound question. In alternating narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. BONUS: This edition contains a new afterword and a *The Other Wes Moore* discussion guide.

Praise for *The Other Wes Moore* “ Moving and inspiring, *The Other Wes Moore* is a story for our times. ” —Alex Kotlowitz, author of *There Are No Children Here* “ A tense, compelling story and an inspirational guide for all who care about helping young people. ” —Juan Williams, author of *Enough* “ This should be required reading for anyone who is trying to understand what is happening to young men in our inner cities. ” —Geoffrey Canada, author of *Fist Stick Knife Gun* “ *The Other Wes Moore* gets to the heart of the matter on faith, education, respect, the hard facts of incarceration, and the choices and challenges we all face. It 's educational and inspiring. ” —Ben Carson, M.D., author of *Gifted Hands* “ Wes Moore is destined to become one of the most powerful and influential leaders of this century. You need only read this book to understand why. ” —William S. Cohen, former U.S. senator and secretary of defense “ This intriguing narrative is enlightening, encouraging, and empowering. Read these words, absorb their meanings, and create your own plan to act and leave a legacy. ” —Tavis Smiley, from the Afterword

This book puts forward a new epistemological framework for a theory of religion and gender 's role in the public sphere. It provides a sophisticated understanding of gender and its relation to religion as a primarily performative category of knowledge production, rooting that understanding in case studies from around the world. Gender and religion are examined alongside biopolitics and the influence of

capitalism, neoliberalism and empire. The book analyses the interdependence of religion, gender and new nationalisms in the Palestinian territories, South Africa and the USA, scrutinising the biopolitical interferences of nation states and dominant political and religious institutions. It then moves on to uncover counter-discourses and spaces of activism and agency in contexts such as East Germany and the Occupy Wall Street movement. Using gender, queer and trans theory in tandem with postcolonial and post-secular perspectives, readers are shown a more nuanced understanding of critical contemporary questions related to religion, gender and sexuality. This is a bold new take on religion, gender and public life. As such, it will be of keen interest to scholars of Religious Studies and Gender Studies, as well as those working on religion ' s interaction with Politics, Sociology and Social Activism.

The only Apple-certified guide to Apple's widely used video compression software. • •Written by award-winning writer, producer, and director Brian Gary. •Covers all that is new in Compressor 3 including Blu-Ray Disc and DVD burning. •The only Apple-certified guide to DVD Studio Pro and official curriculum of the Apple Pro Training Program. In this Apple-authorized guide, award-winning writer, producer, and director offers a self-paced, step-by-step approach to Compressor 3. Whether you're distributing dailies, authoring a DVD, or prepping video clips for the Web, Compressor is essential for creating quality digital content. The guide also provides a great summary of what's new in Compressor 3 including Blu-Ray Disc and DVD Burning; new batch templates; auto detect settings, and more.

From a tropical resort where visitors can become temporary zombies, to a newly-made zombie determined to protect those he loves, to a cheerleader who won't let death kick her off the team, to a zombie seeking revenge for the ancestors who died on an African slave ship--Zombiesque invites readers to take a walk on the undead side in these tales from a zombie's point of view.

Cotton Trading Manual (CTM) is the first work to provide a comprehensive reference source to the conduct of the complex international cotton market. CTM begins by looking at the history of the cotton trade, and then moves on to assess the current global picture, including a discussion of trends in the market, as well as production and consumption analysis. The third and fourth parts focus on trading in physical cotton and futures respectively. Finally, the last section deals with administrative and management issues within the cotton trade as a whole, such as contracts, insurance and risk management. CTM is an indispensable practical companion for all those involved with trading in this commodity. Comprehensive reference to the complex international cotton market Discusses the history of the cotton trade Assesses the global picture, looking at trends and production and consumption analysis
