An authoritative manual for psychic development, The Psychic Energy Codex explores the roots of modern metaphysical beliefs, including the doctrine of the subtle body in the Western tradition, the origin of belief in the chakras, and core principles behind time-honored techniques such as meditation and creative visualization. Like Belanger's Psychic Vampire Codex, The Psychic Energy Codex makes esoteric topics accessible and understandable. The Psychic Energy Codex . . . - De-mystifies psychic experience, taking a practical, rational approach to phenomena from psychometry to spirit communication with a style that will engage beginners and experts alike - Provides many hands-on exercises that encourage readers to develop their own beliefs based on direct personal experience - Teaches readers the underlying principles of psychic phenomena that can then be applied to any interaction with the subtle world Written in Belanger's engaging, almost novelistic style, the parts of this book that tell her own story draw readers into the possibility that they, too, can develop their own innate abilities.

The Psychic Vampire Codex is the first book to examine the phenomenon and experience of modern vampirism completely from the vampire's perspective. Father Sebastiaan, a fellow vampire writes in the foreword that Michelle Belanger's system "introduced a breath of fresh air into the vampire subculture. It freed us to look at ourselves in a new light, and it also helped those outside our community to view us differently. No longer were we parasites or predators . . . we could use our inborn abilities to help people heal." Psychic vampires are people who prey on the vital, human life energies of others. They are not believed to be undead. They are mortal people whose need for energy metaphorically connects them to the life-stealing predators of vampire myth. In The Psychic Vampire Codex, Michelle Belanger, author and psychic vampire, introduces readers to the fascinating system of energy work used by vampires themselves and provides the actual codex text widely used by the vampire community for instruction in feeding and other techniques. Belanger also examines the ethics of vampirism and offers readers methods of protection from vampires. The Psychic Vampire Codex explodes all preconceptions and myths about who and what psychic vampires really are and reveals a vital and profound spiritual tradition based on balance, rebirth, and an integral relationship with the spirit world.

No single book ever before has brought together the history, theory and practice of dreamwalking--entering into another's dreamspace, even though you may be physically at a great distance. Michelle Belanger, the author of Psychic Vampire Codex, takes readers on an adventure into the subconscious world of dreams, territory that no amount of psychology or research has fully charted. This absorbing account, beginning with the author's own first experience of dreamwalking in a school bus as a child, both explains the phenomenon and teaches the techniques of dreamwalking. Learn to set up a dream space and a dream gate. Harness your dreaming mind to visit distant

family members, pass vital messages to friends, even start secret trysts with your lover! Nobody knows exactly what happens when we dream, but practicing dreamwalking can and will open a whole new world in which the connections between ourselves and our spirit selves and others, as well as the meaning of dreams and the relationship of dreaming to other energy work and magick become clear.

Since the dawn of civilization, the vampire has danced through the dreams and nightmares of every culture, expressed in folklore, literature, and art. Today, this fascination resonates in pop-culture through hit television shows, movies, and bestselling books. In *Vampyre Magick*, Father Sebastiaan reveals the hidden rituals and spells of the Living Vampires. This companion volume to Sebastiaan's *Vampyre Sanguinicon*, is intended for initiates of the Stigoi Vii, but will appeal to any scholar of magickal arts, The Golden Dawn, or other Western Mystery Traditions.

Powerful and evocative, this postmodern Book of the Dead is for mystics, witches, goths, and anyone attracted to the beauty and mystery of death—a vital and transformational force that is integral to our daily lives. Become familiar with this intrinsic, yet denied, aspect of our lives as you contact your spirit companion, meditate on gravestone sculptures, create a necromantic medicine bag, and keep a personal book of the dead. Drawing on the wisdom of shamans, magicians, Tibetan Buddhists, and ancient Egyptians, Michelle Belanger illuminates death as a gateway to change and regeneration. On this life-affirming journey, you will visit the “Otherside,” reach out to spirits, and become a walker between worlds to experience healing and empowerment. “Walking the Twilight Path shows us that life is a wonderful experience that can only be fully appreciated once we accept our physical mortality. An excellent beginners guide.” —Leilah Wendell, author of *The Necromantic Ritual Book*

Consuming energy instead of blood, psychic vampires come in a variety of unsuspecting guises. This unique approach to the subject will introduce you to a trio of new thieves: group vampires, parasitic vampires, and global vampirism. Exploring environmental, developmental, and past-life factors, *Psychic Vampires* presents effective step-by-step empowerment procedures you can use to protect yourself and replenish your energy reserves. This practical guide offers: An exploration of previously unknown forms of psychic vampirism Methods to identify and counteract the effects of psychic attacks Thirteen photos illustrating the "Vampire Shadow Phenomenon," the "Halo Effect," and more A Seven-Day Psychic Protection Plan

"An exceptional collection of ghost and haunting encounters—made even better because of Michelle Belanger's firsthand experience with them, on top of her extensive knowledge of the phenomena."—Lloyd Auerbach, MS, parapsychologist and director of the Office of Paranormal Investigations Michelle Belanger's chilling collection of true ghost stories will take you further than you've ever gone before into the realm of spirits, astral entities, and dark forces. Along the way, you'll encounter haunted violins, dark fey, hell hounds, haunted cremains, and even an astral vampire summoned by an aspiring magician who becomes its unwitting target. Whether she's being accosted by an angry spirit who recently committed suicide or being driven out of haunted woods in a very Hitchcock-esque manner, Belanger's hard-won expertise and insightful commentary add both depth and context to her truly frightening—and sometimes dangerous—haunted experiences.

Never before released to the general public, this twentieth anniversary edition of the influential "Vampire Codex" contains a faithfully scanned and annotated copy of the hand-lettered original. Penned in 1994, this definitive text on psychic vampirism provides insight into energy work and past lives, giving readers a rare peek inside the earliest development of the teachings of House Kheperu.

For centuries, people have been fascinated by the power and secrets of mediums. And today, many are interested in making contact with the spirit world themselves—either to communicate with loved ones, heal the sick, or discover knowledge-- but don't know how. Yet, as Larry Dreller writes, "At birth we all are given the gift of seeing beyond this humble Earth plane into other dimensions, but as we grow older we cast this natural ability aside. Mediums did not lose this ability and are people who act as intermediaries between this world and the 'other side'." Both an introduction to this phenomenon as well as a workbook that guides the reader through exercises to reawaken their abilities, the *Beginner's Guide to Mediumship* shows how to develop spiritual powers, conduct seances, harness the power of prophecy, comfort and heal others, see auras, and more. Drawing on his own experience, Dreller focuses on pure and practical day-to-day applications of mediumship and how they can enrich readers lives.
